

RED CROSS NEEDS WOMEN WORKERS

Large Quota of Surgical Dressings Must Be Made Here

An urgent appeal for volunteer workers to make surgical dressings is being sent out by the

Hancock county chapter of the American Red Cross. A new quota of 30,000 dressings, to be completed in a month's time, has been received by the chapter. Work will start on them at 10 o'clock Monday morning in the rooms given over for the work in the Elk club.

Mrs. F. E. Hurley and Mrs. John M. Firmin, directors for the surgical dressings work, held a meeting in the Hurley home on South Main street yesterday and instructed supervisors in the new methods to be used in making the dressings. They recently took instruction in Cleveland regarding the new phase of the work.

This is the largest quota yet to be given the local chapter. The last quota was 25,000 and three months were allowed for the work.

"This time the entire quota will be used by the United States army. As the American Red Cross has been charged with the making of all surgical dressings for the allied forces many busy months are ahead," Mrs. Hurley said yesterday.

It is likely that work will be done in the evening to give the business and professional women an opportunity to assist and to speed up the work. The surgical dressings room will be open starting Monday, five days during the week, from 10 to 4 o'clock. An appeal is being made to all women who are able to devote time to the work to come to the headquarters at least one of these days. It has been pointed out that women who can give but a few hours a day will be welcome.

How U. S. Manpower Pool Will Be Tapped

HERE is how United States manpower will be tapped under the new selective service set-up. Figures in black circles indicate the order in which men will be called from the seven categories. The general policy, though not ironclad, is to call married men only after the supply of single men has been exhausted, but local circumstances may vary. Three points emphasized are: (1) Married men are not eligible for deferment unless married before Dec. 8, 1941, and at a time when induction was not imminent; (2) The new directive does not mean a cut-off on induction of married men—many already had been classified 1A and most of these definitely will go into the army; (3) local boards still must pass on the bona fide financial dependency of wife and children.

Accident Toll Exceeds War Toll Since Pearl Harbor

CASUALTIES to the U. S. armed forces since Pearl Harbor have been 4,801 dead, 3,218 wounded and 38,124 missing—a total of 44,143. The figures are from the government.

Casualties to American workers since Pearl Harbor through accidents have been 30,000 dead and 2,500,000 wounded. These figures are from the National Safety Council.

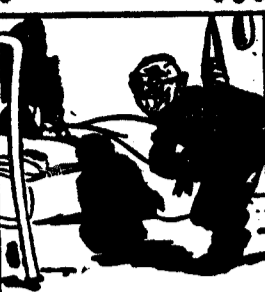

The council offered the comparison today as evidence that accidents help the Axis in draining America's manpower that is vital to victory.

The total American accident toll since Pearl Harbor has been 60,000 killed and approximately 2,500,000 wounded, the council said. Among the victims are thousands of skilled workers and key men in the nation's war program, who cannot be replaced.

"Casualties on the battlefield are a necessary sacrifice to perpetuate our freedom," said Ned H. Dearborn, executive vice-president of the council. "Casualties on the homefront, through accidents, are preventable and hinder the efforts of our fighting men by sabotaging the production of the weapons and material of war."

"Those who fall in battle die for a cause. Those struck down by accidents die in vain."

"It is the duty of every patriotic American to conserve manpower for victory. We must stop accidents."

"SO SORRY ACCIDENT KEEP YOU FROM MAKING GUNS FOR HONORABLE YANKS-S-S"

SHAFFER NOW HELD ON EMBEZZLEMENT

Ohioan, Convicted in Bank Collapse, Faces Charge

CINCINNATI, July 29—(AP)—Amor Shaffer, who went to prison for manipulations which caused Cincinnati's only bank failures of the depression, was indicted Wednesday on ten charges alleging embezzlements from a building and loan firm with which he was not identified.

Names with him on five counts was William Borchering, 66, for the last six years cashier of the Oakley Building & Loan company — Shaffer's friend since 1927.

Prosecutor Carson Hoy said that although the indictments charged embezzlements totaling only \$585, the aggregate shortage was close to \$16,000. Shaffer was indicted under Ohio's aid-and-abettor statutes, on the state's contention that he influenced Borchering to shuffle his accounts, and profited there by.

Shaffer, 48 years old and one-time branch manager for the Henry L. Doherty company, New York investment house, was named individually in five true bills charging receipt of stolen goods.

Borchering surrendered immediately after the grand jury reported Shaffer, sorry and affable, was arrested in his small sales promotion office in a downtown skyscraper.

Shaffer was held under \$25,000 bond; Borchering was released on bond of \$5,000 signed by his physician.

Shaffer was arrested June 9, 1930, while he was Doherty branch manager, on a warrant charging embezzlement of \$10,162.50 of company funds.

Investigation disclosed fiscal connections with the Cosmopolitan bank and the Brotherhood of Railway Mail Clerks National bank, and subsequent inquiry brought indictments charging the embezzlement of \$21,000. Both banks went to the wall—the city's one financial debacle of the lean years.

Shaffer pleaded guilty and was sentenced to 10 years, along with Frank J. Dorger and the latter's son, Clarence, officials of the Cosmopolitan bank. Shaffer was paroled Sept. 1, 1933.
