John R. Schuck, retired circulation manager of the Republican-Courier, was accorded an honor Monday evening in Dayton at the spring convention of the Ohio Circulation Managers Association.

Mr. Schuck was received into honorary life membership of the OCMA, and was presented a gold, engraved card by George Hicks, circulation manager of the Columbus Citizen - Journal and a past president of the Ohio and International Circulation Managers Associations.

Mr. Hicks, in presenting the membership to Mr. Schuck, recalled for the more than 200 members and guests present, many of the highlights of his career in the newspaper field. Mr. Schuck joins a select

group of his former circulation associates in that only 16 other members have received this award over the more than 46 years the association has been active. He is one of the charter members of the group and during the early years of the organization, served on various committees.

Although Mr. Schuck had found it too difficult to be active in recent years, many of the members remembered him drssed him as "Red" though Club Planned he reluctantly admits that this nickname goes back quite a few

# Welcome To Sears

Ever so frequently now, we folk with our roots down deep in Findlay get to say with sincerity, "Welcome, Neighbor."

Our community is really growing . . . and in a lot of ways. Findlay is continuing to attract the very best citizens, corporate and private.

When a new neighbor moves to our city, we know he probably has selected Findlay in competition with other cities. Naturally, we believe he made the best possible choice.

And what's more, we aim to help prove to him that Findlay has even more to offer than he thought.

In addition to being friendly and progressive . . . and a darned good family community . . . Findlay clings respectfully to the historical traditions that give it character.

We want the people of Sears everywhere to know that we welcome their fine new enterprise to our community. We are a better city because of them.

It is with good will and civic pride that we say, "Welcome, Sears. We're glad you're here to share our exciting and prosperous future with us."

# LET'S KEEP "OUR" SCHOOLS IN

Your Board of Education is given the responsibility of operating a sound system of PUB-LIC SCHOOLS throughout the Lima School District. If the Board is to do this work to the satisfaction of the community, it must be provided with sufficient operating revenue. This is the responsibility of all citizens of the community.

The greater portion (about 74%) of the operating expenses of the Lima Public Schools are defrayed by local money from real estate and personal property taxes. Only about onefourth is provided by the state through the State Foundation program. Therefore, if our schools are to get any considerable amount of increase for operating expenses, that increase must come from an additional tax levy.

The schools of the district are experiencing the same problem you face at home with increased costs of essential items playing havoc with the budget. When the operating budget exceeds local tax money and state foundation funds, there are only two alternatives: reduce school costs by offering a lower quality of educational program to our youth; or, increase the school operating levy.

Every economy has been practiced by your Board of Education in order that they can

After serious consideration of the school financial situation, the Citizens School Advisory Committee feels that a vote 'FOR" the SCHOOL LEVY is not only a good investment, but is an absolute "MUST" if Lima is to offer a good school program.

Dear Abby . . .

### Let It Ride!

Abigail Van Buren

DEAR ABBY: Four of us mothers in the neighborhood have a car pool. We alternate driving our children to school in the morning. One mother made all the children late five times last month. The late mother always has an excuse (small baby at home, she overslept, she forgot to set her alarm clock), but no excuse is acceptable at school and it goes against the children's records. Should we drop this mother from our car pool? I hate to cause hard feelings but I would just as soon drive the kiddies myself to be sure mine get there on time. How should this be handled?

ON TIME MOTHER

DEAR ON TIME: Since the school term is almost over, don't tell her you want to drop her from the car pool. Tell sters in her place. And next Lions clubs in the district. year, when you organize a car pool, include Mrs. Always - Late OUT!

years ago someone asked you year why a man who has a lady for a wife will pick up some tramp and treat her like a laa tramp. You gave a terrific answer, but I can't remember how you worded it. Will you please give it again? ANNAPOLIS

DEAR ANNAPOLIS: "A man picks up a 'tramp' because he wants a female companion who is no better than he is. In her company he doesn't feel inferior. He rewards her by treating her like a 'lady.' He treats his wife, who IS a lady, like a 'tramp' because he feels that by degrading her, he will bring her down to his level. This makes him feel guilty. So, in order to get even with his wife for keeps right on punishing her."

DEAR ABBY: To make a a guy and in order to make him like me more, I tried to make him jealous. But that was a mistake. He got sore and started to date my best friend. I pretended I didn't care and got HIS best friend interested in me. So now the four of us date all the time (my date is a creep). And it's South should have taken one killing me to see the man I further precaution in order to love with his arm around my guard against the possibility best friend. What to do?
